## **FOR IMMEDIATE RELEASE**

### **Grand Opening of the Ukraine Assistance Fund**

Brooklyn, NY – On **June 26, 2022, at 3P.M.** there will be a grand opening of the Ukraine Assistance Fund, which is the official representative of the Association of Charities of Ukraine in the United States.

On February 24, 2022, Russia launched a full-scale, unjust war against Ukraine. Great loss of life, destruction of civilian infrastructure, huge numbers of refugees and victims, a humanitarian catastrophe – that's what this disaster has wrought. Ukrainian philanthropists, volunteers, and the whole world at-large have already played a huge role in the success of the Ukrainian people and defense forces in overcoming the obstacles they face.

The Ukraine Assistance Fund is excited to provide everyone the opportunity to find their own method of charitable assistance to Ukraine. Because it was created by the Association of Charities of Ukraine, it has a unique ability to distribute funds and efforts to all the areas they are needed. It was founded in 2011 in Kyiv, uniting 49 organizations and philanthropists, as well as hundreds of partners with different areas of charitable work, i.e. guardianship of orphans, support for widows, assistance for people whose homes were bombed, veterans' treatment, provision of medical and social assistance to refugees, assistance to animals, and much more.

Additional information about the work of philanthropists in Ukraine can be found on our website: [vboabu.org.ua/](http://vboabu.org.ua/)

Please, come join us on June 26 at 3 pm. Make an important contribution towards the victory of Ukraine – find out how you can help. This presentation will take place at 1620 Ditmas ave, Brooklyn, NY 11226.
